

Starting a new school year!

Welcome to all our new families, and welcome back returning families! We are so excited to start the new school year with your little ones. We look forward to a fun filled year of exploring, discovering and learning.

We are already observing the progress your child has made over the past four weeks. I am impressed with how the children are forming relationships with the adults in school, with each other, and demonstrating their preferred places to learn and play. We want the children to become confident learners; developing their independence skills is part of this. You can support this by encouraging your child to try some of the following:

- Put on their own coat/or shoes
- Tell an adult when they need the toilet
- Use the toilet independently
- Drink from an open cup
- Pour water from a small jug
- Say hello as they come into school
- Take turns to share toys and resources with others.

### OPEN DAY

I would like to thank all the parents for taking time off their busy schedule to attend open day with their children. It was a fun filled day to see parents participating/competing with their children in activities.

# A peek into Open Day
